Slovenia

Summary

The SCM Solution Design Manager: Logistics W&D Own Warehouse is the business representative in the Logistics, W&D work stream to design, build and deploy the global SC Logistics W&D processes with the respective solution(s) for Novartis to ensure a proper setup of the Novartis owned warehouses across the globe.

Join us and become our next talent.

About the Role

Key Responsibilities:

- Act as the Business Solution Manager responsible for Logistics W&D own warehouse in close collaboration with the GPO (Global Process Owners), Business Champions, Functional IT Experts and the LDC Adopt counterpart.
- Responsible to elaborate deliverables as per the project plan during conceptual design, build and adopt phase. Below is a list of such deliverables (not exhaustive)
- Ensure a proper design of the solution to setup and integrate the Novartis own warehouses in the upcoming LDC releases.
- Establish or update business standard operating procedures.
- Review and adopt, if necessary, the training material and working instructions
- Execute business screening of IT solutions and testing of solution(s)
- Support and contribute to data migration in Logistics W&D own warehouse area.
- Align and agree on integration of relevant processes and their respective system solution(s) within Logistics W&D e.g. in the area commercial operations, Intercompany Order Management and Direct

Procurement

- Ensures that user requirements and functional specifications are consistent with global / local processes.
- Contribute to master data preparation for Screening, Testing and cut over.
- Supports the adopt team to ensure proper go live of the upcoming releases.
- Secure business reporting requirements in Logistics W&D together with the Reporting and Analytics team

Essential Requirements:

- Various years of experience in Supply Chain ideally working in logistics responsible for own warehouse in a manufacturing side either within Novartis or in the Pharmaceutical Industry.
- Experience in own warehouse setup and understanding to translate process requirements into solution
- Successfully completed university degree in the fields of supply chain management, Logistics, Information science or comparable education.
- Ability to work independently and in a structured and careful manner.
- Positive and pro-active attitude.
- Flexibility to work in a fast paced, quickly changing work environment.
- High degree of teamwork and quality orientation
- Ability to operate in a global matrix environment.

Desirable Requirements:

- Experience in solution design related to setup of Novartis owned warehouse
- SAP Super user in Logistics W&D own warehouse

We offer **permanent employment**. Submit your application with the CV in Slovenian and English language.

You'll receive (for Slovenia):

Competitive salary, Annual bonus, Flexible working schedule, tailored to your needs, possibility to work from home, Pension scheme, Employee Recognition Scheme, Expanded program for the promotion of health in the field of physical, mental and social well-being (Wellbeing), employment at Top SI Employer, Unlimited learning and development opportunities.

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.
