

Novartis Societal Impact

Novartis partner with patient communities around Ireland to improve and extend the lives of people suffering from a range of conditions. Our ambition is to support people at every stage of their journey, from raising disease awareness before a diagnosis all the way through to helping them live well day-to-day.

>17

disease awareness days celebrated each year through impactful campaigns and events

packs of medicine delivered to patients in Ireland each minute

7,700

Novartis nurse contacts with patients in 2021

1,500

listeners to our MS Explored Podcast in 2021

Six key pillars underpin how we engage with patient communities to improve outcomes

Patient Support Services

Our dedicated Novartis nurses work tirelessly to support patients at all stages of their treatment journey

Listening

We ensure the patient is at the heart of all we do, by making sure we listen and respond to their needs.

Elevating Patient Voices

We seek ways to make the voices of patients in Ireland heard on a national and global scale.

Advocacy

We partner with patient groups and healthcare organisations to advocate for those most in need.

Living Well

We are committed to ensuring the health and wellbeing of current and future populations in Ireland.

Support

We partner with Patient Groups and the healthcare system to ensure the needs of patients in Ireland are met.
