Summary

Location: Hyderabad

LDC (Lean Digital Core) is a multiyear digital transformation program. LDC will simplify the way we work and allow us to leverage data for digital innovation at scale. We will achieve this through a focus on high quality data at the core, supported by end-to-end enterprise processes and new technologies, including the transformation of our ERP backbone to S/4HANA and integrated digital solutions around it.

As a key player in our program, this role will be accountable for the design, build and deployment of SAP S/4HANA and integrated digital solutions including High Radius in the area of Invoice-to-Cash and will be part of our “Product & Platform Delivery - Core” team in Technology Transformation Organization within Novartis

About the Role

Your responsibilities include, but are not limited to:

- Own and drive Solution Design in the area of Invoice-to-Cash through addressing all business requirements and opportunities while following Novartis architectural standards, quality, and information security principles
- Collaborate closely with the Global Process Owners (GPOs) and Enterprise Process Leads (EPLs) to suggest standardized and simplified integrated solutions
- Champion the standardization and simplification of design, minimizing the custom solutions only for cases where Novartis makes a difference in the market serving customers/patients
- Prepare and run design workshops in the assigned “Products”, identify critical integration points and dependencies, propose solutions for key gaps, provide effort estimations while ensuring alignment with business and other teams
- Assure consistency and traceability between user requirements, functional specifications, Agile ways of working and adapting to DevSecOps, architectural roadmaps, regulatory/control requirements, and smooth transition of solutions to operations
- Deliver assigned project work as per agreed timeline within budget and on-quality adhering to following the release calendars

What you 'll bring to the role:

- Bachelor 's degree in business/technical domains
- SAP certifications / trainings in specified module(s)/process areas
- > 8 years of relevant professional IT experience in the related functional area
- Proven experience in SAP S/4HANA using High Radius and eco-system applications in the following areas for the Pharma and/or Food & Beverage industry
 - Invoice-to-Cash with a thorough understanding on the entire process involving generating invoices, receiving payments, and managing accounts receivable.
 - Financial Accounting & Controlling as well as a good understanding of integration aspects with the Sales & Distribution module.
 - High Radius experience candidates preferred.
- Excellent knowledge of Invoice-to-Cash processes including Credit Risk Management, Cash Application, Disputes & Collection Management
- Excellent knowledge of business processes in the area of Finance and ability to “speak the business language” when talking about IT subjects, to be able to discuss and guide our business partners on an Invoice-to-Cash concept using S/4HANA functionalities viz., FSCM or autonomous systems/ applications like High Radius to help automate Accounts Receivable and Treasury processes across credit risk, payment processing, cash application, disputes and collections.
- Proven track record of broad industry experience and excellent understanding of complex enterprise IT landscapes and relationships. Experience in Agile project delivery and general management in an international environment
- Experience in advising peers and senior stakeholders on complex issues and provide complex, contextual guidance to influence actions of internal and/or external partners. Experience in managing internal and external experts in different locations and time zones
