Our AI innovation lab with Microsoft

We know that data science and digital technology will play a pivotal role in the future of medicine. That's why I'm extremely excited to share today that [@Novartis](#) will be creating an AI innovation lab with [@Microsoft](#). This AI innovation lab will be our go-to place to innovate, experiment and scale AI-based solutions in our efforts to transform the way we discover and develop medicines for the world. [#satyanadella](#) [#novartis](#) [#microsoft](#) [#reimaginingmedicine](#) [#digitalhealth](#) [#artificialintelligence](#) [@novartis](#)
