

Supplier onboarding

Thank you for showing your interest in doing business with Novartis. You should have received an email inviting you to become a Novartis supplier, this email will contain all the details required for the onboarding process.

Supplier onboarding process - self-registration

01 Sign up or Log in

- You receive an email from Novartis, inviting you to join the SAP® Ariba® Supplier Network (ASN) - free of charge
- Create a new SAP® Ariba® **Network ID** (ANID) or log in using an existing ANID

02 Register

- Using your ANID, complete the **Novartis Registration form**
- The form is reviewed by Novartis and **approved**

03 Get Qualified

- Upon internal assessment, you might receive another email from the Novartis **Third Party Risk management (TPRM)** team providing instructions to access additional relevant qualification questionnaires(s)
- The questionnaires are reviewed by Novartis TPRM & Qualifications teams to access whether you are qualified for the relevant category and region

- Once qualified, Novartis can now place the first **Purchase Order** with you for the approved category

The new supplier onboarding process enables you to self register with simple, step by step questionnaires to gather the details we need about you and your organization. After you have submitted your questionnaires in [SAP® Ariba® Network](#), our Supplier Onboarding team will start the due diligence and qualification steps to create you as a supplier. If you need to update any details, please log in to [SAP® Ariba® Network](#). Your update(s) require Novartis approval to be effective.
