Candidate will be selected for interviews on a rolling basis submitted by October 18th

Apply

Medical Affairs: CRM (Cardiovascular-Renal-Metabolic)

Interested in launching an exciting career that intersects science, medicine, R&D, and strategy? Join the US commercial division, where we have the unique accountability to translate the science and medicines that come out of our R&D engine into meaningful patient outcomes, both equitably and at scale. As an intern, over 10 weeks, you'll be part of a general management team, tackling specific hands-on projects that aim to improve patients' lives by bringing new therapies to market.

Length of the program

10 weeks
