India

Summary

As a Key Account Manager , you'll be at the forefront of building trusted partnerships that improve patient care. In this role, you'll manage strategic relationships with key accounts, understand their challenges, and deliver tailored solutions that drive value for both the customer and the organization. Your ability to connect insights with action will directly impact patient outcomes and help shape the future of healthcare in your region.

About the Role

Job Location-Ahmedabad

Key Responsibilities:

- Manage key account relationships at the local level to achieve sales targets and long-term business growth.
- Develop and execute strategic account plans aligned with customer needs and commercial objectives.
- Lead contract negotiations and support targeted initiatives for designated accounts.
- Analyze market trends and competitor activity to inform account strategies and identify opportunities.
- Organize and execute customer engagement events in collaboration with marketing and medical teams.
- Maintain accurate stakeholder mapping and CRM data to support strategic planning.
- Drive sales operations and performance targets within assigned accounts or regions.
- Support team development through coaching, training, and leadership of key commercial programs.

Role Requirements:

- Proven experience in managing key accounts within the pharmaceutical or healthcare industry
- Strong understanding of clinical trial design, data review, and reporting processes
- 8–12 years of experience in key account management roles
- Sales experience in multinational companies.
- Excellent communication and negotiation skills with a customer-centric mindset
- Bachelor's degree in Science or Pharmacy preferred
- Ability to work cross-functionally and drive results in a matrix environment

Desirable Requirements:

- Specialty Therapeutics
- Key account management experience.
