- As part of Platform Team – owns deliverables and milestones across organization to support Novartis LDC Program in areas of Technical and Functional Integration management for LDC core systems (S/4 Ecosystem & core extensions) and connected systems.
- Maintain transparent and trusted communication channels and ensure tracking of Integration management topics, meetings and decisions
- Ensure that implemented solutions meet its functional as well as non-functional requirements and adhere to the architecture design and are aligned to architecture standards
- Ensure services, solutions, platforms, products are fit for purpose and achieve the desired business value and impact
- Support continuous improvement of Novartis LDC S/4 Ecosystem technical environment with proactive feedback and lessons learned
- Take ownership, lead associates from different teams and ensure close collaboration between all necessary organizations and parties (e.g. Architecture, Security, Operational supportteams, Compliance, program resources, etc
- Take accountability to ensure adherence with Security and Compliance policies
- Support Release and Deployment and Development leads on topics related to Platform/Integrations throughout the program lifecycle. ensuring seamless delivery
- Co-ordinate with all middleware stakeholders [Eg: APIGW, MFT] to resolve any Integration related issues.

Minimum Requirements

- University degree in business/technical domains or equivalent proven experience & certifications in the field
- Proven track record of broad industry experience and excellent understanding of complex enterprise IT landscapes and relationships
- 12+ years of relevant professional IT experience in SAP Project Management specially in Integration with various systems / third parties /solutions.

- Proven experience in SAP S/4HANA Eco-system applications and platforms

Why consider Novartis?

769 million lives were touched by Novartis medicines in 2022, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives. We believe new insights, perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working.

We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

Imagine what you could do here at Novartis

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other.

Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
